ELYRIA, OHIO, THURSDAY, JULY 10, 1919.

PRICE TWO CENTS

WILL STRIKE SATURDAY

Fishermen's Strike Ties Up Entire U.S. Fishing Industry Today

UNION MEN FAIL TO REACH AN AGREEMENT

President of Union Says There is Nothing to Avert Strike Going Into Effect at Four O'clock Saturday Morning—Power Plant Employees Granted Increase.

Motormen and conductors on western and southern divisions of the Cleveland, Columbus and Southwestern Electric were preparing today to put into effect the strike called for four o'clock Saturday morning.

"There is nothing to avert the strike going into effect," said R. E. Gilmore, of this city, president of the car men's union today. "There will be no more strike votes taken and no settlement conferences are contemplated."

The company executive committee and the union delegates failed to get together at a session in Cleveland yesterday afternoon.

The main grievance came, union men state, from the company breaking the agreement made a year ago to abide by the federal labor board's decisions.

The company refused to arbitrate because of a possible settlement being made between the maximum figure offered by the company and the 60 cents an hour demanded by the men.

President E. F. Schneider of the company declared today that the company would rather go into a receiver's hands than pay what he terms an "exorbitant" wage, which the company's business will not judiciously permit.

The company is expected to apply for a federal receivership soon after the strike goes into effect.

The local division delegates are President R. E. Gilmore, Frank Hull and Edward Gibson.

The strike is sanctioned by the International union and the union men are pledged to support them.

The twenty-five employees at the local power plant which furnishes juice for all divisions of the green line, were given an increase from 8 and 1-2 to 12 cents an hour, last night. The engineers now get 65 cents an hour. Firemen, boiler makers, oilers and other help from 50 to 55 cents an hour. E. P. Gates is president of the union to which the power plant employees belong. The employees had threatened to strike at two o'clock tomorrow morning. Green line officials visited this city last evening and agreed to the men's demands.

WOMAN FINDS A NOTE ON BEACH AT PORT CITY

Lorain police today are attempting to clear up a mystery in connection with the finding of a note in a bottle on the shore between Glen's Beach and the Municipal beach at Lorain. The bottle was found by Mrs. Libby Womack of Amherst.

The note said "Died in Peace, Lake Erie." Notify 686 Denison avenue, Adrian, Mich. The name of G. V. Rhoads, Lorain, was also on the note.

No unidentified body has been found this year at Lorain. It is believed that the bottle with the note was thrown from a lake steamer, possibly in connection with a suicide.

The Sandusky Star-Journal announces that the contract has been let for a modern newspaper building on a plan to be completed by next February and which is expected to be a credit to the Journal and Sandusky.

KING SOLOMONS LODGE NO. 56
A special communication will be held at the Masonic Temple on Friday next, July 12 at 6:30 p. m. for the purpose of working on the P. C. Degree. W. J. Tashman, Secy., K. W. Plocher, W. M.

BANK ROBBER SUSPECT WAS FORMER LORAIN SALOONIST
James "Tip" O'Neill, who was arrested here early Wednesday as an accomplice in the robbery of the West Cleveland Banking Co. on June 16 of \$65,000 is a former resident of Lorain. He left Lorain six years ago.

NEWSPAPERMAN CITED FOR HIS WAR SERVICES

Chronicle-Telegram Reporter Gets Commendation Letter From General Pershing.

Otto K. Mischka, 110 Floral court, Chronicle-Telegram reporter, who served over seven months overseas as a regimental sergeant major, is in receipt of a letter from John J. Pershing, commander-in-chief of the American Expeditionary Forces, commending the Elyrian for his devoted services in the late world war.

The citation for meritorious services has also been received by several other Elyrians and is as follows.

G. H. Q.
American Expeditionary Forces.
France, Feb. 28, 1919.

My Fellow Soldier:

Now that your service with the American Expeditionary Forces is about to terminate, I cannot let you go without a personal word. At the call to arms, the patriotic young manhood of America eagerly responded and became the formidable army whose decisive victories testify to its efficiency and its valor. With the support of the nation firmly united to defend the cause of liberty our army has executed the will of the people with resolute purpose. Our democracy has been tested, and the forces of autocracy have been defeated. To the glory of the citizen soldier, our troops have faithfully fulfilled their trust, and in a succession of brilliant offensives have overcome the menace to our civilization.

As an individual your part in the world war has been an important one in the sum total of our achievements. Whether keeping lonely vigil in the trenches, or gallantly storming the enemy's stronghold whether enduring monotonous drudgery at the rear, or sustaining the fighting line at the front, each has bravely and efficiently played his part. By willing sacrifice of personal rights; by cheerful endurance of hardship and privation; by vigorous strength and indomitable will, made effective by thorough organization and cordial co-operation, you inspired the war worn allies with new life and turned the tide of threatened defeat into overwhelming victory.

"With a consecrated devotion to duty and a will to conquer, you have loyally served your country. By your exemplary conduct a standard has been established and maintained never before attained by any army. With mind and body as clean and

MEN MADE FAMOUS BY THE R-34—(1) Maj. Scott, commander. (2) W. W. Valentine, the mechanic. (3) Capt. Pritchard, who descended by a parachute and (4) Lt. Landsdowne, U. S. Observer. (c) Underwood & Underwood

JOSEPH J. KENT AND WIFE WILL OBSERVE EVENT

Were Wedded Fifty Years Ago Tomorrow—Live Here 22 Years.

Joseph J. Kent and his good wife, Mina Whitney Kent were married at LaPorte, Indiana, July 11, 1893. They have lived happily together for fifty years and will celebrate the event tomorrow. During the past 22 years they have resided in Elyria, where they have made a host of friends. Everyone who knows them knows them to be honest, faithful and upright people.

Mr. Kent has held many positions where honesty and trustworthiness was required, and he has proved true to every trust.

Mrs. Kent, for a time after they came to Elyria was engaged in the hairdressing business. In this vocation she made many friends, all of whom still remember her as a faithful, kind and motherly woman. They now reside at No. 353 West Second street, Elyria.

Mr. Kent has been a member of the Masonic order since he was a very young man, and is now an honored member of the lodge at Norwalk, O.

They have reared four children—two sons and two daughters, and one grandchild. All are now living to comfort and bless their worthy ancestors.

The many friends of this aged couple extend congratulations on their fiftieth anniversary.

ENLISTMENTS SOUGHT HERE FOR THE ARMY

RECRUITING OFFICERS THINK THERE ARE GOOD OPPORTUNITIES AT THIS TIME.

Lieutenant Benway, of Cleveland, is in the city today looking after army enlistments. He thinks that the young men are overlooking a good opportunity at present.

The government is offering enlistments in industrial or mechanical lines, or they can secure a good education if they so choose. They can choose a service that will enable them to travel to the Philippines, Russia, Hawaii and other points. Men are wanted for the tank corps and the aviation section two of the growing departments of the army. If they wish to go into the quartermaster or medical department no previous military training is needed.

Enlistments can be made at the postoffice in Elyria at the recruiting office at Lorain or at the Cleveland office.

NEW INDUSTRY TO LOCATE IN ELYRIA; ERECT NEW BUILDING

The Stiburn Manufacturing Co., an Elyria corporation, is about to erect a \$35,000 building in its property on Center street.

The Stiburn Co., while a subsidiary of the Harshaw, Fuller & Goodwin Co., is an independent organization, formed for the manufacture of antimony products. It aims to extend the business of manufacturing the products in this country, a large part of which has heretofore been a European product. The recent war demonstrated the importance of this industry to the United States, and the Elyria company will turn its attention to it. The best antimony in a raw state comes from foreign ports, principally China and the Black Sea district, but small deposits have been found in this country.

The new building will be 60 by 30 feet, five stories high, and of brick and steel construction. It will be an important addition to Elyria's diversified manufacturing industries.

FRANK BRIGGS, INVENTOR, DIED SUDDENLY LAST NIGHT IN BED

Invented Dynalite and Chemicals—A Daughter Resides in Elyria

Elyria and the entire section of the state was shocked today to learn of the sudden death of Frank H. Briggs, 54, inventor of dynalite explosives and chemicals, who died suddenly at his home two miles this side of Amherst, last night.

The deceased was apparently in the best of health and spent the evening with a party of friends at a moving picture show at Lorain. He had barely retired when his wife heard an unusual noise. She turned on the lights and discovered her husband in an unconscious condition. He expired before medical assistance arrived. Apoplexy is given as the cause.

The deceased was one of the best known inventors of Ohio and was known in many states throughout the country. He was likeable. From his inventions he has amassed a small fortune.

He was born in Painesville, Ohio, May 25, 1865, and about fifteen years ago moved to Amherst and established the American Dynalite Co., and later invented dying processes and organized the Briggs Chemical Works. Both plants are operated midway between Peninsula Junction and Amherst.

A few weeks ago an option on the dynalite plant was taken by the Haynes Powder Co., of Cleveland. One daughter, Mrs. J. D. Rawson, who resides at 1505 Middle avenue; the other daughter, Mrs. R. H. Allen resides at home.

The deceased was a director of the Lorain County Savings and Banking & Trust company. He resided in Elyria for a short time.

Funeral services will be conducted from the late home at two o'clock Saturday afternoon. The remains will be taken to Painesville for interment.

Dr. Frank A. Lawrence announces his return to medical practice, after a service of 18 months in the medical corps. Office at 503 Led. street. Phone 27544. 7-7-65

POSTMASTER TO IMPROVE LOCAL MAIL SERVICE

D. W. Seward Would Have Mail Make Better Train Connections

Postmaster D. W. Seward has commenced a campaign among the Elyria businessmen and manufacturers to avoid mail losses and inconveniences in outgoing mail. At present most of the mail comes too late in the afternoon to make train connections for New York and results in big delay in delivery. Mail deposited at noon here makes the best outgoing connections. The letter follows:

Elyria, Ohio, July 7, 1919
The Chronicle-Telegram Co., Elyria, Ohio.

Dear Sir:

Realizing fully the losses and inconvenience which may result to business men and other patrons because of delayed mail I wish to do everything within my power to give the best service possible, and to call your attention at this time that the arriving and departure of all trains is one hour faster than the present time we are working under in our city.

At present it is the practice of many business men and firms to hold practically all outgoing mail until the late afternoon or early evening hours. This necessitates the cancellation, distribution, pouching, and dispatching of from sixty to eighty percent of all out-going mail within a period of two or three hours. If as much as possible of this mail either first class or parcel post could be brought to this office at the noon time much better service could be given same and its dispatch and especially its arrival at destination would be hastened many hours.

The mail for train No. 632 which closes at 5:30 p. m. makes very close connections at Cleveland for New York City and other eastern points. Mail for dispatch on this train arrives in New York City at 9:40 a. m. and is delivered in the business section before noon. The next dispatch of mail for the east from this office is 9:30 p. m. and does not arrive in New York until 5:15 p. m. the following day and is not delivered until the next morning. Thus making a delay of from eighteen to twenty hours in delivery.

World appreciate it very much if you would arrange to have all your mail sent to the office as often and as early as possible as I assure you in writing this that it is my greatest aim to give the best service possible.

Respectfully,
D. W. SEWARD,
Postmaster.

VIOLENT STORM VISITS ELYRIA

At noon today a violent rain storm burst over this city, and within a few minutes a veritable flood of water covered the streets and surrounding territory.

The rain came down by the bucket full, and the sewers were unable to care for it as fast as it fell. Some damage was done to gardens and many cellars were flooded. The street car line was out of commission for a short time and several wires were blown down in various parts of the city. While it lasted it was the heaviest storm in a year.

NOTICE: property owners. We paint houses on easy payments for responsible home owners. O'Donnells. 7-10-65

PRESIDENT WILSON TALKED TO SENATE

Covenant of Nation League Was the Main Topic in Speech Before Upper House This Afternoon—Doors Open to the Public.

Washington, July 10.—President Wilson today took the peace treaty before the United States Senate. On his entry to the Senate chamber he was greeted with long and continuous applause.

The President was smiling and calm, bowing his acknowledgment to the great concourse of people here.

WAGE DEMANDS CAUSE A WALK OUT ON BOTH COASTS TODAY

New York, July 10.—A general strike of all marine firemen, oilers and water tenders on the Atlantic coast and from Galveston, Texas to Portland, Me., was called today. This will tie up the entire fishing industry. The men demand an increase of \$15 per month.

TO SAIL JULY 19

Newly Organized Pacific Fleet to Start From Hampton Roads.

Washington, July 10.—The newly organized Pacific fleet will sail from Hampton Roads for the west coast July 19. It was announced at a conference between Secretary Daniels and Admiral Hugh Rodman, commander of the fleet. Mr. Daniels said the fleet would be at San Diego between Aug. 5 and 10. After stopping at Los Angeles, San Francisco and Puget sound a number of the ships probably will go to Hawaii for a short stay.

Secretary Daniels has not decided definitely that he will accompany the fleet, but if he does not he will meet it at San Diego and make the cruise northward on the Pacific coast and Hawaii.

Amherst, July 10.—Robert Cronwell, foreman at the National Tube Co., Lorain, informed police that the new Ford sedan delivered the latter part of last week was stolen from his garage.

Lorain, July 10.—School entertainments during the past year netted a profit of \$378.28, which will be used toward a lyceum course next year.

GIANT COWBOY HERE TODAY; EXPECTS TO BE A REAL MAN

MAN IS SEVEN FEET AND SIX INCHES TALL AND WEIGHS 230 POUNDS

R. E. Madsen, said to be the tallest man in the world, was in Elyria today.

He is appearing in person at the O'Connell theatre where the Douglas Fairbanks' rodeo picture is being shown today.

Madsen is one of the cowpunchers engaged by the movie star in producing the picture.

"The giant is seven feet, six inches tall. He weighs 230 pounds. 'When I grow up,' he says, 'I expect to be a real man.'"

Madsen has just passed his 22nd birthday.

He doesn't attribute his remarkable height to anything in particular.

"I just grew up," he says. Madsen's father is six feet, two inches tall. His mother is five feet six inches. A brother and sister are six feet tall.

The giant cowpuncher was born in Ranger, Texas.

He consumes as much food as two average men every meal.

"I haven't been sick a day since I was a child," he declared. Madsen was some boy. When he was 12 years of age he was slightly over six feet tall.

He doesn't expect to grow much more. "I'm not married," he asserted.

The president laid the peace treaty before the Senate without an attempt to explain its terms. Among other things he said "That American isolation ended twenty years ago before the U. S. went to war with Spain. There can be no question of our being a world power from this time on."

The President has taken the position that it will take a two-thirds majority to change any conditions in the peace treaty. Prior to this time it was thought a majority vote would be all that was necessary. The treaty gives Germany from one to four months to deliver all materials except what is actually needed for her new army. Until that time the President believes that the United States should keep an army on the Rhine to see that this is done. Demobilization of the army depends upon the speed with which Germany complies with the terms of the treaty. He also stated that he must play a generous part in settling with all the countries of the old world a treaty with France is for her own protection until she becomes in such a position that she can thereafter care for herself.

He believed a league of nations was absolutely essential and indispensable to the welfare of the world.

The President later told newspaper men that he was gratified that Germany had accepted the peace treaty, and though trade relations with her should be resumed in order that she might be able to meet her obligations to this country.

KINDIG FUNERAL TO BE HELD TOMORROW

SERVICE FOR THE VICTIM OF DROWNED YESTERDAY TO BE HELD AT HOME

Funeral services for Theodore Kindig, two, who fell into a horse trough in the family barn and was drowned yesterday, will be held from the late home, 1154 East River street, at one o'clock Friday afternoon. Rev. W. B. Winters will officiate.

The deceased is the son of Mitchell E. Kindig, local teamster.

Despite his great height, Madsen wears only a size nine shoe.

When he was younger he engaged in several branches of athletics. Baseball was his hobby.

Madsen saw Jack Dempsey win the heavyweight title from Jess Willard, July 4.

"Willard's a much better man," he says. Dempsey defeated him because he did not train properly."

Being on the road almost continuously makes it necessary for the giant to sleep in hotels.

"I had a nice sleep here last night even though the bed wasn't half long enough."

"I just went once around the bed and then through the middle."

"In some of the smaller towns, I generally rent a couple of vacant lots."

Madsen is an expert rider but he has difficulty in finding a horse big enough to carry him around for any length of time.

"When the horse gets tired," he says, "I simply drop my feet out of the stirrups and carry the horse along for a time."

Madsen was the center of interest on Broad street all day. He will probably leave tomorrow to fill an engagement in another city.

The party that was seen to pick up Mr. Madsen's pocketbook containing new Modern Woodman razor, known. Return same to police headquarters and receive reward. 7-10-65

Happenings in Society

ONE GRAND TIME AT METHODIST PICNIC

It was a perfect day and everybody was in good humor and feeling well. A permanent summer resident of Linwood park said, "What church is having a picnic here today?" The reply was, "They are all Methodists but Mr. Charles Metcalf, and he never could get farther than Emerson." Four hundred and more of this numerous tribe pitched horseshoes, played ball, stirred up old Lake Erie until the fish were about to climb trees, pulled at the rope in the tugs of war, took part in the various contests—such as eating crackers and then trying to whistle, and be first in the three-legged, potato and wheelbarrow races, peanut scrambles, throwing the ball and dashes—such as never could be put on paper. There were heated arguments between men like William Bennington and Charles Metcalf, Rev. Winters and anybody, but mostly the umpire of the ball game. Once he struck a vicious blow at one of these twisters pitched by Charles Simpkins, missed as usual, went spinning around and sat down on the home plate in time to hear the umpire say, "You are out, next man to bat." The Reverend gentleman said, "Tell me something I don't know. Judge Wilcox threatened to open 'Juvenile Court' and sentence little Carlton Squares and George Philpott to the reform farm for failure in most everything. Young people covered the grounds. Everybody was young. Mr. Bennington was surprised at the way we play ball and gave us some pointers about how it was done on the village green some sixty years ago. Everybody heard the call of boyhood and girlhood days and there by the lake and under these grand old trees tried to get back or dreamed of that land where the old grow young again and the years vanish in one endless stretch of happiness. E. T. Reese, Henry Theman and A. J. S. Martin constituted the committee and how well they did their work was known this morning when it came time to get out of bed. Come join the happy family.

MOTHERS OF DEMOCRACY WILL HOLD REGULAR MEETING TOMORROW EVENING

The regular monthly meeting of the Mothers of Democracy will be held tomorrow evening at seven-thirty in the Chamber of Commerce rooms. After the transaction of business, Miss Conover, secretary of the Y. W. C. A. will speak on "Woman's Part in Reconstruction." It is hoped all the ladies will be present.

INSTALLATION OF OFFICERS BY I. O. O. F.

Elyria Lodge No. 103, I. O. O. F., had installation of officers Tuesday night. The work was done by P. D. G. M. D. E. Baker, assisted by J. Frank Smith, grand marshal; C. P. Coon, grand warden, R. L. Stearns, grand chaplain; M. M. Warner, grand sentinel. The following officers were installed:

E. Brecknock, N. G.; John Strohl, V. G.; W. M. Smith, recording secretary; Otto E. Markel, financial secretary; C. J. Miller, treasurer; Jos. Cather, R. S. to N. G.; A. J. Manning, I. G.; K. J. Lehman, chaplain; Roy L. Cliff, pianist; O. E. Harton, R. S. to V. G.; Harry Brulhart, L. S. to V. G.

ELYRIA HARDWARE MERCHANTS PICNIC AT CRYSTAL BEACH

The Elyria hardware merchants held a picnic yesterday afternoon at Crystal Beach. About 50 were present. In the tug of war the Farm Implement company won the honors. It is reported that the hardware sandwiches were enjoyed by all.

PERSONALS

Mr. and Mrs. Alex Potter and son of East Cleveland returned home today, after spending several days with Mr. and Mrs. Thomas Potter, Wurst court.

Mrs. Ashford of Buffalo is visiting her sister, Mrs. Cora Ensign of Eighth street.

Mrs. James Thomas is entertaining at luncheon today at the home of her mother, Mrs. A. L. Garford, in honor of Mrs. Frederic Pease of Harrisburg, Penna.

Wanda Allen of Buffalo, N. Y., is spending several weeks with her grandparents, Mr. and Mrs. W. G. Allen, East avenue.

Mr. and Mrs. Andy Fowl and Mr. and Mrs. J. J. Law of Second street, Lorain, were guests over the Fourth of Mr. and Mrs. Thomas Potter of Wurst court.

Fred Brooks of Oberlin, son of Mr. and Mrs. Fred Brooks, is spending several days in Elyria.

The Boy Cadets of the Knights of St. John, will hold an ice cream social tonight on the grounds of St. Mary's school, Fourth street.

Born to Mr. and Mrs. Charles C. Cobb, Jr. 241 Spruce street, July 3, a daughter who has been named Elizabeth May.

Mr. and Mrs. H. H. Allen and daughter of Euclid, Florida, are guests at the home of Mr. and Mrs. W. G. Allen, East avenue.

Miss Harriet Hart of Hackensack, N. J., came to Elyria yesterday to visit her aunt and uncle, Mr. and Mrs. Charles Tucker, East avenue.

Dr. Cok of Cleveland has been the guest of R. B. Hillier, the last few days.

Miss S. Smith, Mrs. C. Schmittgen, Mrs. Lewis Ingworth and family and Mrs. Frank Smith had a picnic at Glen's beach yesterday afternoon.

RED BLOODED MEN FIGHTERS THEY RULE THE WORLD

Red blooded men are born leaders. They walk of life and fight intelligently with both brain and muscles. They are always live wires, smiling and full of ginger; keen, alert on their toes and ready for anything that comes their way. Work is a pleasure and they land on top every time. You will not find a strong successful man or woman trying to plug along with poor health or weak nerves. They know better, they are wise and see to it that their blood has plenty of good fresh iron and their nerves at all times loaded with Phosphates—the nerve food. A leading doctor says, "Show me a strong, healthy successful man or woman and you can bank on it every time, their bodies are just loaded with iron and Phosphates." Another prominent physician says, "There is no need of anyone going through life sickly, miserable, played out, fagged and nervous when Phosphated iron will always put energy and vigor in the body, mind and nerves." This same doctor also said, "With the system loaded with Phosphated iron you can fight life's battle at any stage of the game and be a winner at every turn." Mr. Run Down man or woman in any stage of life, if you feel all in, your nerves are all shot, and life seems like one continual drag and drudgery from day to day, get next to yourself, wake up, take a brace lay in a supply of Phosphated iron and take a new lease on life. You will once again feel like a live one and face the world with the smile that wins. Are you game? To insure physicians and their patients receiving the genuine Phosphated iron, it has been put up in capsules only, so do not allow dealers to give you tablets or pills. Insist on capsules. Ebert's Drug Store and leading drug stores everywhere.

Centenary Celebration Columbus

POSITIVELY CLOSSES
SUNDAY, JULY 13

Written by William C. Freeman
Associated with Paul Block,
Inc., New York, Chicago, Detroit, Boston.

Only three days after today remain for those who have not yet seen this MASTER EXPOSITION OF MODERN TIMES—to see it.

WILLIAM G. McADOO, Ex-Secretary of the Treasury—a very level headed business man, who is not given to saying things he does not mean, told me that this

CENTENARY CELEBRATION COLUMBUS

is the most unique, the most remarkable, the most constructive, the most far-reaching exposition he had ever seen.

He was tremendously pleased also with the wonderful attention he received from over 15,000 people who heard him deliver his great League of Nations speech, from the grandstand in the oval, on July Fourth—one of the hottest days either he or his hearers ever experienced.

BUT HEAT DOES NOT AFFECT THE ARDOR OF THE PEOPLE WHO ATTEND THIS CENTENARY CELEBRATION. NOTHING AFFECTS IT

There is a great wave of approval and deep appreciation shown by the hundreds of thousands of people that have seen it

Everywhere I went among the crowds during the 72 hours I visited this great exposition—6 days—I heard most enthusiastic comments.

Furthermore, a great many men and women to whom I spoke without the formality of introduction (this illustrates the democracy of this wonderful Exposition) said to me:

This Centenary Celebration should repeat itself in all sections of the United States, for it is a marvelous example of what can be accomplished in rebuilding the world when the work done by so many thousands of earnest men and women, who give up everything for the benefit of others—is so intelligent, so humane, so sincere, so helpful.

I believe myself that the Centenary Celebration, which has proved to be far more impressive and effective than even the Committee in charge and the thousands of volunteer workers, who helped so wonderfully to make it a success—dreamed it would be—that there will be a great cry go up in all parts of America

"BRING IT TO US! BRING IT TO US! WE WANT TO SEE WHAT IS BEING DONE TO PUT ALL PEOPLES OF ALL COUNTRIES ON THE SAME FOOTING AS WE ARE HERE IN AMERICA."

JOSEPHUS DANIELS, Secretary of the Navy—fine Christian gentleman that he is, visited the Exposition on July 5

He talked to representatives of the great body of Methodist Minute Men now representing an enrollment of over 68,000—and, accustomed as he is to "wonder work" on the part of great bodies of earnest and fearless fighting men, he marvels at the grand work accomplished by these Methodist Minute Men—and he also marvels at the magnificent display of exhibits that illustrate the thoroughness with which Methodist Missionaries perform their charities and humanities in foreign lands.

Oh, readers, this Centenary Celebration opens wide the door to you to get a closer and surer grip on your own humanities.

You need the human lesson it will teach you as well as the intellectual treat that it will give you.

See it before it closes its gates on Sunday evening, July 13.

FUN and FANCIES

MICKIE SAYS

AIN'T IT FUNNY, HOW WHEN A FELLER GETS SORE AN' STOPS HIS PAPER, HE ACTS SURPRISED BECAUSE WE DONT ALL BUST OUT INTO TEARS AND HANG GRAPE ON THE DOOR?

YES, Summer is the time of the auto's usefulness. It takes the family out into the country for needed health and recreation and the better condition of the highways allows the motor trucks a better opportunity to help solve the nation's transportation problem. If you want reliable repairs and worth while auto sundries you will visit us.

The circulation of the Elyria Telegram has been audited by the American Audit Bureau of Circulation, the recognized authority on expert circulation.

Allow Plenty of Space

One of the mistakes which any town is apt to make, and which Elyria is not immune from in many sections, is in overcrowding. A city can easily become too compact from an aesthetic standpoint. Not only is there danger of packing the houses too closely together as any city grows in population but also of bringing them too close to the sidewalks. Any street would be ten times more attractive if the houses were built well back on the lots, say at least 20 to 30 feet. Thus the street would seem wider and the whole town airier. It would be far better to have small back yards than to reserve a beggarly spot in front to build a home on. It is a pity the city has not some rigid rule to control this matter instead of leaving it to contractors or individuals who possess no vision of what the future may be. The rich usually have big front yards but the poor sometimes are choked off to beggarly spaces. As a general proposition, we should have a law prohibiting anyone from building a residence within 20 feet of the pavement. That might admit of some exceptions but there shouldn't be many.

The Spenders

The administration at Washington cannot see why it should discontinue buying land for military purposes just because the war is over. It can see nothing improper in abandoning an immense military camp in Oklahoma and spending millions for a new one in Georgia.

Ignore the Demagogue

Every informed thinking man sees not alone the threatened dangers of but the damage now being wrought by the propaganda of radicalism in this country. But so few are informed.

The threatened danger is that the uninformed, led by self-seeking, dishonest demagogues, will be swept off their feet by their specious argument and, thus, the country will be swept into social chaos. The present damage is that of what we call "social unrest"—strikes, destruction of property, loss of wages, and, worst of all, distrust and class-hatred.

If President Wilson makes a campaign for re-election on his league of nations covenant, we should like to have him tour the country delivering here the memorial day address he delivered in France. It would make lots of votes for the Republicans.

THE MONEY CORRAL; BILL HART IS HERO

UNUSUALLY CAPTIVATING SCENES
PICTURED IN ARTCRAFT STAR'S
NEW PHOTOPLAY

Years ago the rodeo was the biggest thing in the West. It was the occasion when all the wild riders, broncho busters and sure shots of the West assembled to display their prowess. Such a scene is revived in "The Money Corral," a new Artcraft picture starring William S. Hart which will be shown at the Strand theatre next Sunday. It was written by Mr. Hart and Lambert Hillier and they also collaborated in its direction. Jane Novak is the leading woman, heading an excellent supporting cast.

The rodeo scene of this picture was

expensive and took lots of time, but it justified the effort for it gives a touch of realism that could not otherwise have been secured. Many punch-outs came to Hollywood to make the rodeo scenes and over a thousand persons appeared therein.

"The Money Corral" is said to be the most exciting film that has been produced in months.

Wigwag—I saw your name in print the other day.
Bighedge—Thas-so? Where?
Wigwag—I was looking up your number in the telephone directory.—Philadelphia Record.

A record of service that probably has few equals is that of Miss Harriet P. Houghton, who has been in the employ of a Lynn, Mass., bank for 50 years.

P. A. S. FRANKLIN

President of the International Merchant Marine.

OHIO HAPPENINGS

Linemen Win.

Findlay, O., July 10.—After 10 days of idleness, 75 striking Central Union Telephone company construction workmen returned to work here when the company agreed to give them a percentage of their demands for a 42 per cent wage increase and to arbitrate the matter of paying the remainder.

Farm Hands Shy.

Norwalk, O., July 10.—Huron county farmers are facing the greatest labor crisis since the civil war. With a record breaking wheat crop to be harvested the growers are unable to secure 25 per cent of the required number of farm workers, although as high as \$5 a day is being paid.

Car Men Vote to Strike.

Cleveland, July 10.—Union car men of the Cleveland, Southwestern and Columbus traction lines voted to go on strike Saturday morning at 4 o'clock unless their wage demand for 80 cents an hour is granted.

Police Guard City Hall.

Youngstown, O., July 10.—Police that have been on guard at City Hall since the hall would be blown up.

Haywood Disappointed.

Chicago, July 10.—William D. Haywood, I. W. W. leader, was disappointed because United States District Attorney Charles F. Clyne refused to approve bonds offered for Haywood's release from Leavenworth prison, where he has served part of his 15-year sentence for interfering with the draft.

Costly Fire.

Wrightstown, N. J., July 10.—Fire, believed to have been of incendiary origin, destroyed 11 buildings here, causing a loss of approximately \$100,000. Soldiers from Camp Dix prevented the flames from spreading. The Dix theater and the Wrightstown bank were among the buildings destroyed.

Lewis Declines Honor.

Chicago, July 10.—James Hamilton Lewis, former United States senator from Illinois, who recently received word that he had been decorated by Belgium for war services, announced that he had written the king of Belgium declining the honor.

Favors National Labor Party.

Denver, July 10.—A resolution to co-operate with the three other railroad brotherhoods for the creation of a national labor party was adopted at the session of the annual convention of the Brotherhood of Locomotive Men and Enginemen.

An English automobile signal that displays the word "slow" or "stop" beside a rear light is automatically operated by the clutch pedal.

WANTS ALL NATIONS IN WORLD LEAGUE

Pan-American Labor Congress Adopts Resolution.

New York, July 10.—A demand that all nations of the world be made eligible to the league of nations was expressed in a resolution unanimously adopted here at the first annual congress of the Pan-American Federation of Labor by delegates from 10 countries, including the United States. The demand was formulated in an amendment proposed by Samuel Gompers, president of the congress and head of the American Federation of Labor, following a report by the committee on resolutions endorsing the league of nations. Lively discussion was caused by the report, several of the delegates contending that it was "unreasonable" to expect the labor movement in countries which had not been admitted to the league to do more than

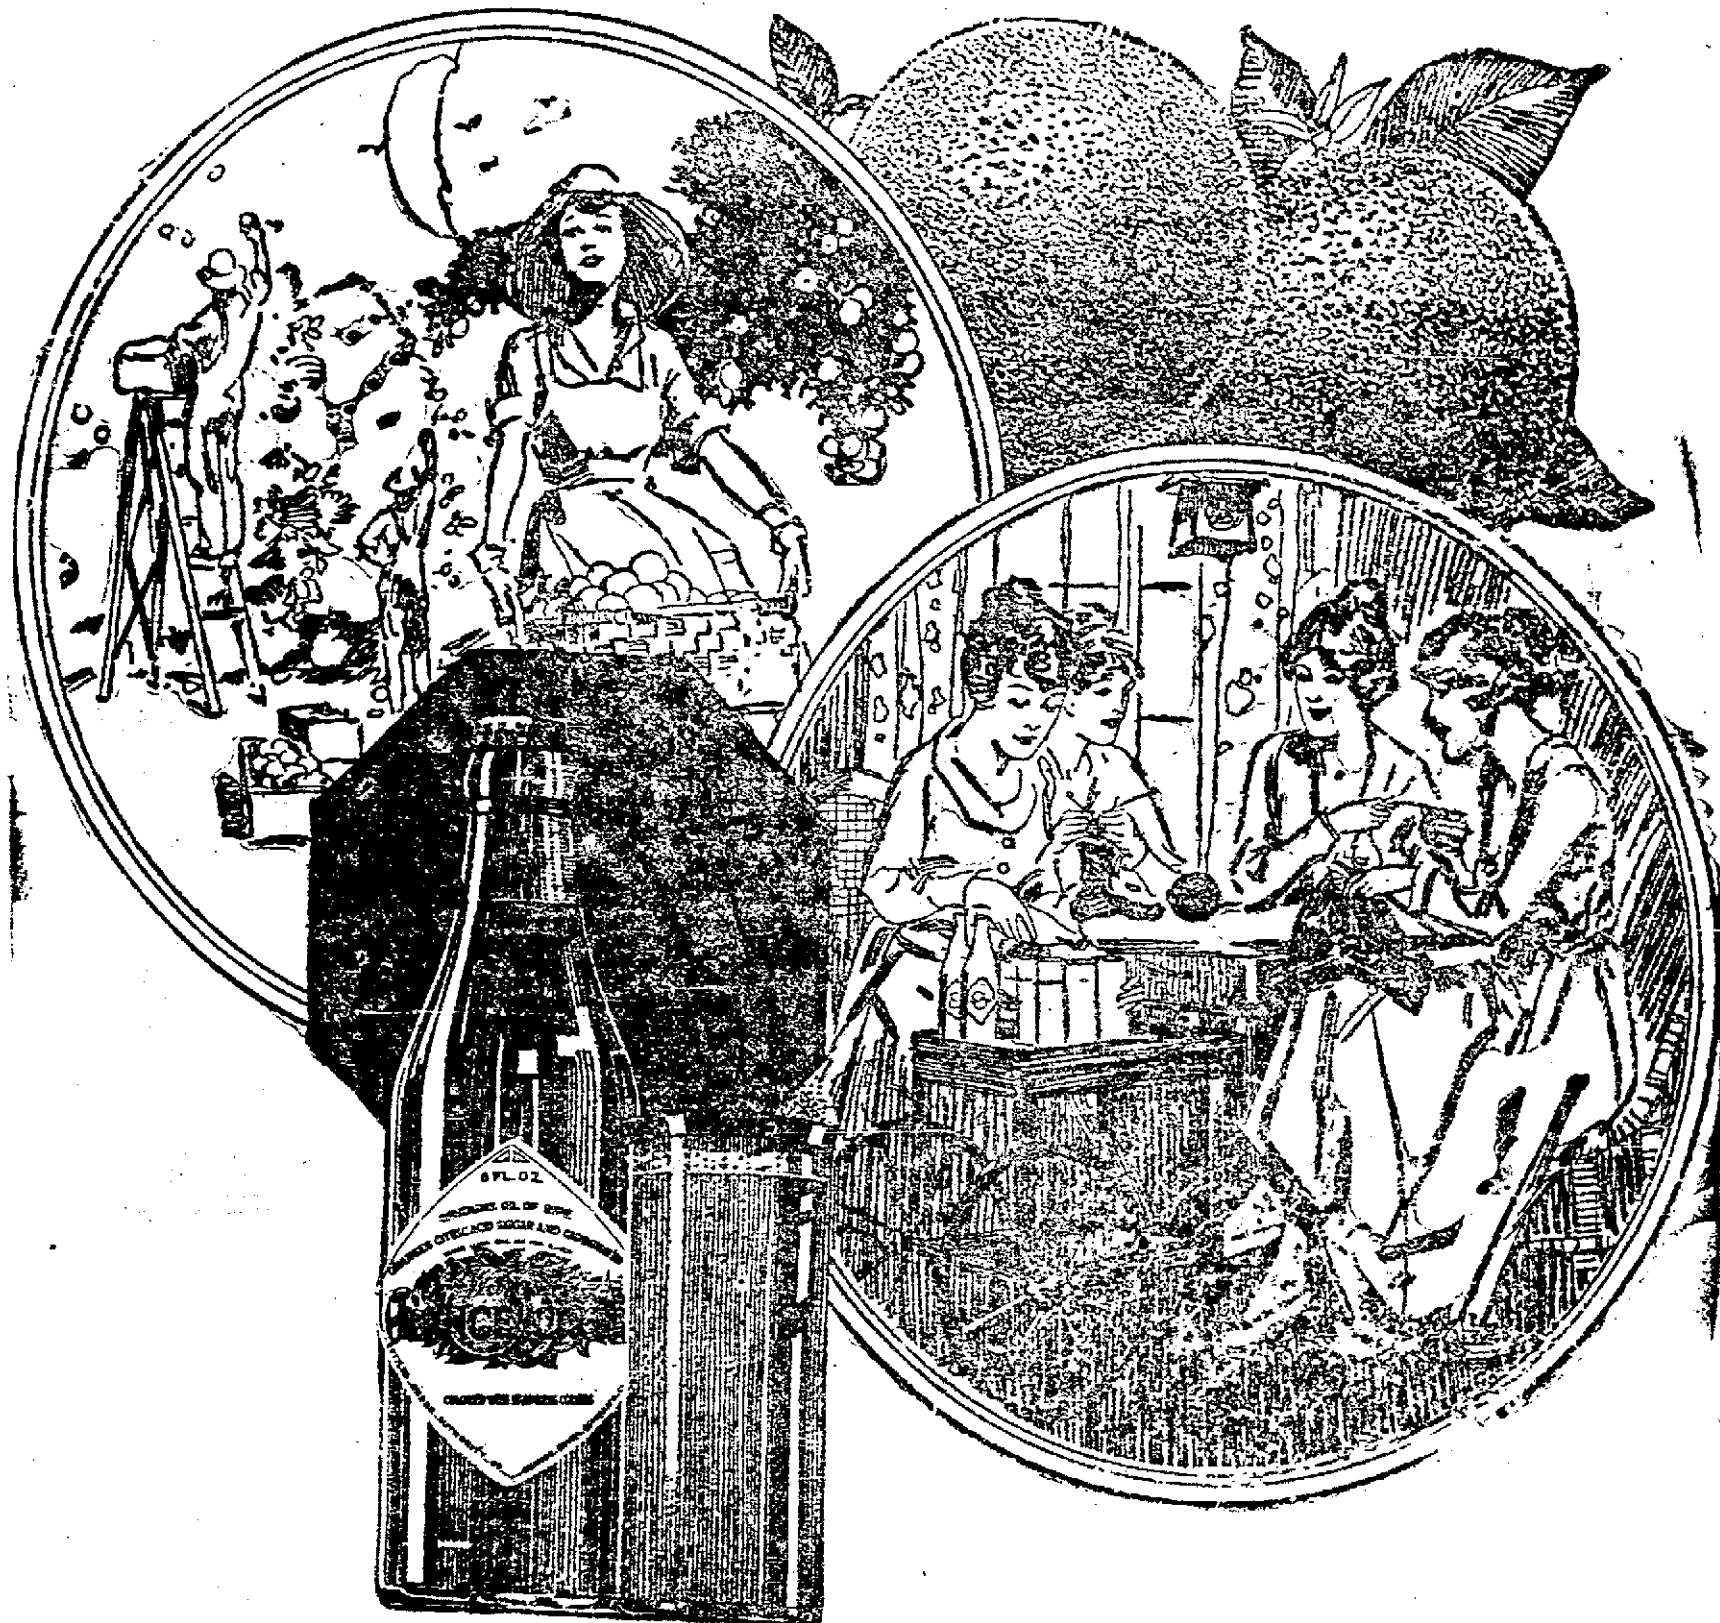

sympathize with its general aims. Under another resolution adopted, Mr. Gompers, who will sail Friday for Europe to take part in the International Trades Union congress, is authorized to take steps he deems advisable to co-operate with labor organizations in European countries.

RESTRICTIONS LIFTED

Order Affects Majority of Alien Enemies in This Country.

Washington, July 10.—The department of justice lifted parole restrictions on "a great majority" of German and Austrian alien enemies. After July 15 all such paroles will be raised except in such cases as the department believes require special surveillance, according to Attorney General Palmer. "The great majority" referred to by the attorney general was said at the department to be about three-fourths of all alien enemies under parole.

Davis on Peace of Court.
Washington, July 10.—John W. Davis, American ambassador to Great Britain, is understood to have been selected as the American representative on the permanent court of international justice which is to be formulated by the council of the league of nations.

Ward's Orange-Crush

SPARKLING like champagne, zestful, refreshing—Orange-Crush never fails to win a welcome. Guests and hostess, alike, turn with delight to its carbonated, satisfying sweetness.

Thirst Tempting—Deliciously Different

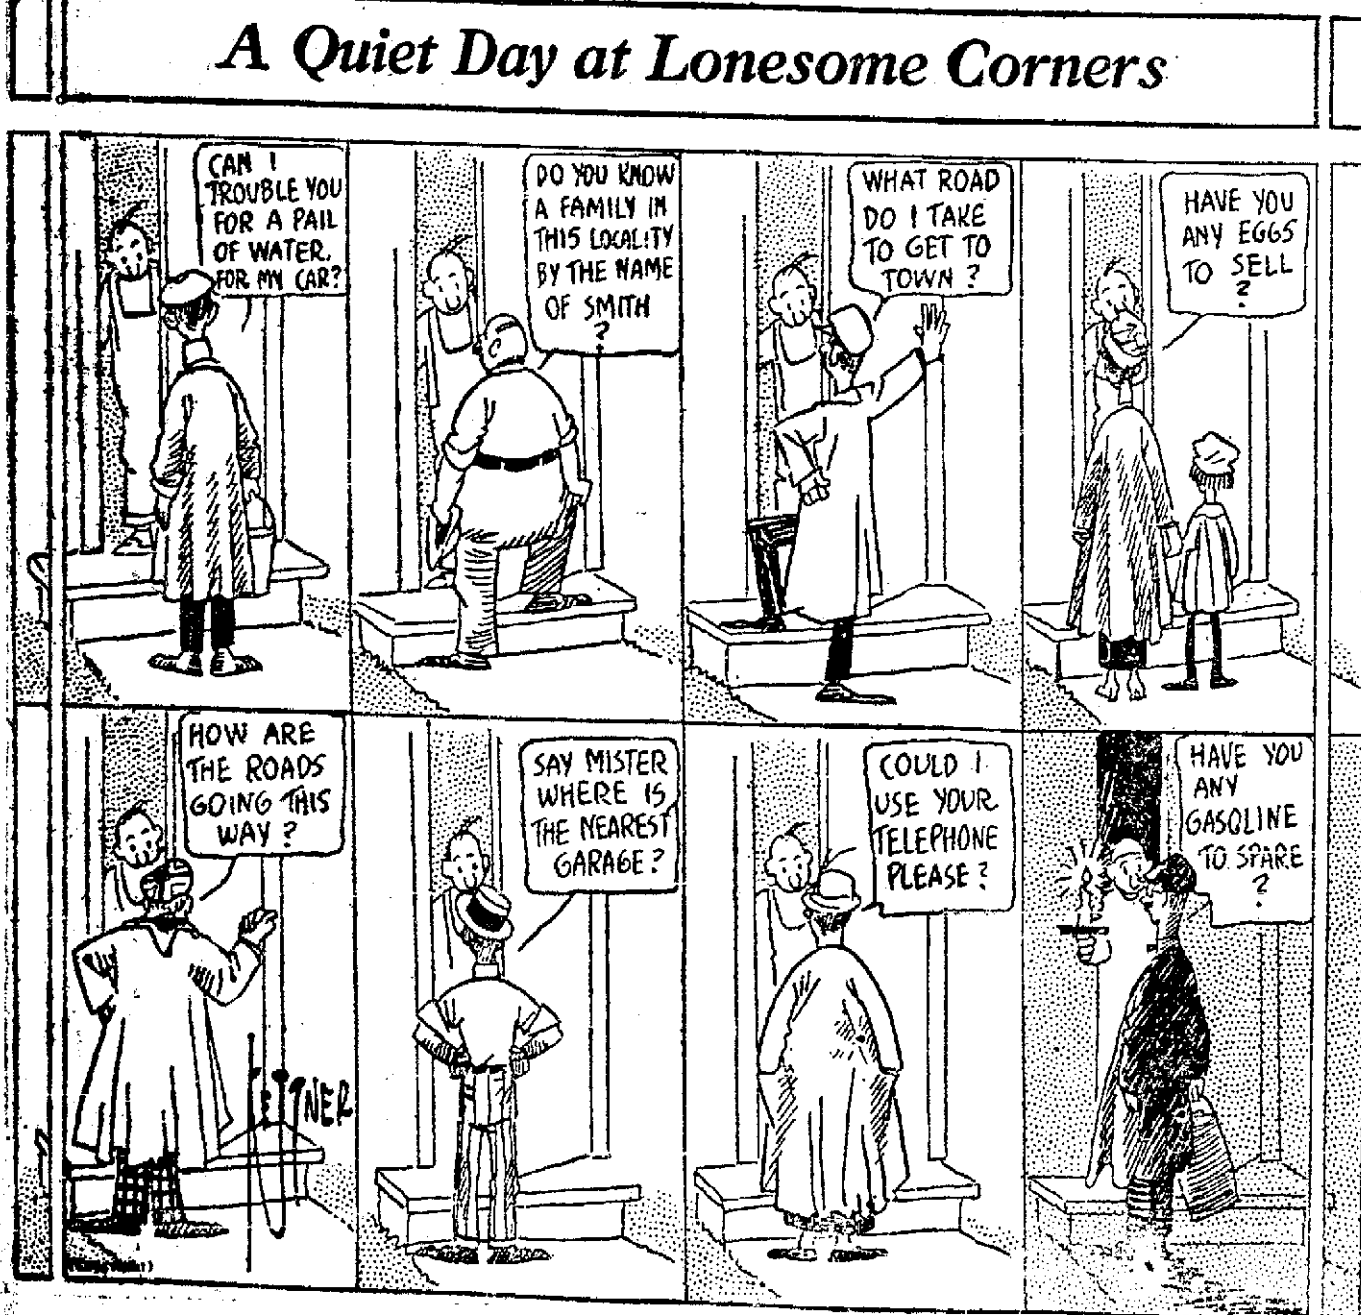

Orange-Crush is made from the fruit oil pressed from fresh, ripe oranges and such other wholesome ingredients as pure granulated sugar, carbonated water and citric acid, which is a natural acid found in oranges, lemons and grape-fruit.

Orange-Crush is the drink delightful. Obtainable wherever soft drinks are sold. Order a case of Orange-Crush.

You are hereby notified that an ap-
plication has been filed in said Court
by Percie G. Hills to settle, determine
and remove all clouds from, and to re-
gister his title in and to, and to settle,
determine and register all lesser or
other estates and interest in and all
heirs and charges upon the following
described lands to-wit:
Situated in the Township of Sheffield
County of Lorain, State of Ohio, and

being parts of Lots Nos. 39 and 40 in
said Township, bounded and described
as follows:
Beginning in the Easterly line of
Lot No. 39 on the Shore of Lake Erie
at the water's edge; thence among the
Southernly line of said Lot South 1 de-
gree 31 minutes West a distance of
about fifty (50) feet to an iron pin on
the top of the bank, thence continuing
along the Easterly line of said Lot
South 1 degree 31 minutes West a dis-
tance of 4101.11 feet to an iron pin at
the Southeast corner of said lot, thence
along the Southernly line of Lot No.
39 North 59 degrees 15 minutes West
a distance of 1056.21 feet to a stone
monument, thence continuing along
the Southernly line of said Lots Nos. 39
and 40 North 55 degrees 26 minutes
West a distance of 3414.2 feet to a
stone monument at the Southeastly
corner of lands in said Lot No. 39
owned by Charles C. Monroe, thence
along the Easterly line of lands owned
by Charles C. Monroe North 1 degree
15 minutes East a distance of 3149 feet
to the center of the Lake Shore Road;
thence along the Center line of the
Lake Shore Road North 75 degrees 21
minutes East a distance of 2592 feet
to an iron pin, thence North 16 de-
grees 39 minutes West a distance of
545 feet to an iron pin, thence contin-
uing in the same course about ninety-
five (95) feet to the shore of Lake Erie
at the water's edge thence Northeast-
ly along the shore of Lake Erie at the
water's edge to the Easterly line of
Lot No. 39 and the place of beginning.

Excepting from the above a forty
(40) foot strip of land running North-
easterly across said premises now
owned by the Lake Shore Electric
Railway Company, containing within
said bounds 183.37 acres of land ex-
clusive of said exclusive of said ex-
ception, divided as follows:
In lot No. 39 are 112.322 acres, and
in lot No. 40 are 50.939 acres.
You are hereby required to an-
swer said application on or before the
16th day of August, A. D. 1914, and
to show cause, if any you have, why
the prayer of said application should
not be granted, and unless you appear
at said court on or before the time
of aforesaid and make answer or other
pleas to said application your default
will be recorded and said application
will be taken as confessed and you
will be bound to pay the costs of mak-
ing application or an decree entered
thereon.

WITNESS W. B. Thompson Judge of
said Court this 7th day of July, 1914.

By A. J. RICHARDS, Deputy Clerk.

SUNBURN
Apply VapoRub
lightly—it soothes
the tortured skin.

VICK'S VAPORUB
YOUR BODYGUARD—30c, 60c, 42c

**NEWSPAPERMAN CITED
FOR HIS WAR SERVICES**
(Continued from page one)

strong as the decisive blows you de-
livered against the foe, you are soon
to return to the pursuits of peace, in
leaving the scenes of your victories,
may I ask that you carry home your
high ideals and continue to live as
you have served—an honor to the
principles for which you have fought
and to the fallen comrades you leave
behind.

"It is with pride in our success
that I extend to you my sincere
thanks for your splendid service to
the army and to the nation.

Faithfully,
JOHN J. PERSHING,
Commander in Chief

**THIN, NERVOUS PEOPLE
NEED BITRO-PHOSPHATE**

What It Is and How It Increases Weight,
Strength and Nerve Force In Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR
AND USED IN EVERY HOSPITAL.
Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate is the
advice of these physicians to thin, deli-
cate, nervous people who lack vim,
energy and nerve force, and there
seems to be ample proof of the efficacy
of this preparation to warrant the re-
commendation. Moreover, if we judge
from the countless preparations and
treatments which are continually be-
ing advertised for the purpose of mak-
ing thin people flesh, developing
arms, neck and bust, and replacing
ugly hollows, and angles by the soft
"carved" lines of health and beauty,
there are evidently thousands of men
and women who keenly feel their ex-
cessive thinness.

Thinness and weakness are often due
to starved nerves. Our bodies need
more phosphate than is contained in
modern foods. Physicians claim there
is nothing that will supply this de-
ficiency so well as the organic phos-
phate known among druggists as bitro-
phosphate, which is expensive and is
sold by Harry A. Crandall in Elyria
and most all druggists under a guar-
antee of satisfaction or money back.

MISS ELIZABETH BRIGGS, of Cleve-
land, is spending her vacation here.
Rev. and Mrs. Robert Andrews, of

You'll Do Better in Elyria.

Novelist Dead.
Knoxville, July 10.—John Fox, Jr.,
one of America's foremost writers of
fiction, died at Big Stone Gap, Va.
He had suffered a short illness of
pneumonia. Fox was born in Bour-
bon county, Ky., 56 years ago.

Ohioan Killed in Action.
Washington, July 10.—Army casu-
alty lists contained the names of 26
men killed in action. The name of
Private Russell R. Webb, Co. 10th Co.,
O., appears in the list.

Wound kept fresh at home.
Washington, July 10.—A bill pro-
hibiting presidents of the United
States from leaving the country dur-
ing their terms of office was intro-
duced in the house by Representative
Campbell, Kansas. The United States
is unpopular abroad because of Wil-
son's visits, Campbell asserted. He
also attacked the league of nations.

'THE SECRET GARDEN' WAS THE REAL THING

KNOWN IN THREE STAGES IN LILA
LEWIS' NEW PICTURE

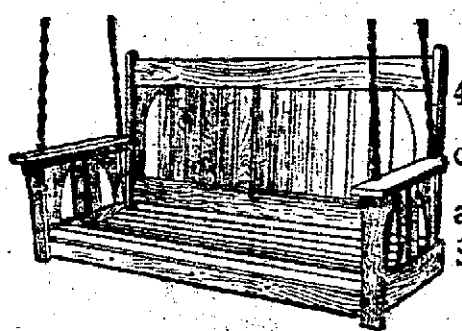

The difficulty often experienced in translating a great literary work to the screen, was experienced by Director R. Butler Clenchbaugh, when he filmed Lila Lee's new Paramount photoplay, "The Secret Garden," which is to be shown at the American theatre

Friday. The picture was made in California and on of the greatest difficulties encountered was to find a garden suitable for the purpose as outlined by Frances Hodgson Burnett, the author of the story.

"You know, last night they got into the grocer's, broke open his safe, and took \$3000.
"He should worry! He'll get that back in a few days."—New York World

Painless Dentistry

Now is the Time to Have Your Dental Work Done
DR. GILLARS
A Philadelphia Crown and Bridge Specialist has opened a Dental Office in the Sharp Block on Broad street, over Dr. Ruth's drug store and is prepared to do all branches of dentistry without the least particle of pain and at very little cost.
For one week the Doctor will extract all teeth free of charge and without pain. If you have had a set of teeth made that does not fit or if you have been told you could not wear teeth, call and see the doctor, and he will make your teeth that you can use.
All work guaranteed and all work painless.
The Doctor is not a new man in Elyria as he has dozens of patients in Elyria who have been having their dental work done in his office in Cosneaut, O.
Office Hours 8 a. m. to 9 p. m. Sunday by Appointment
DR. GILLARS, Painless Dentist
324 Broad Street, Sharp Block, Over Ruth's Drug Store.

LEAGUE FIGHT OPENED TODAY

Wilson Said to Be Eager to Appear Before Committee.

TO DEFEND LEAGUE COVENANT

Starts on Tour of the Country Within Two Weeks, the White House Announces, the Trip Extending to the Pacific Coast—Vigorous Quizzing Expected in Case the President Goes Before Committee.

Washington, July 10. — President Wilson will start his tour of the United States campaigning for the league of nations in about two weeks, it was announced at the White House. The trip will include a visit to the Pacific coast. The president will keep himself continually and readily accessible to any senate committee which may wish to confer with him, and will be ready at all times to furnish them any information they may demand, it was learned. The itinerary is now being prepared, it was made known, and will be announced in a few days. It was announced at the White House that the president would place himself unreservedly at the disposal of the senate in its consideration of the treaty. He was represented as being "anxious and eager" to appear before any committee of the senate or of the house, or both, in open or executive session, to answer any questions that members might wish to ask in regard to the treaty and the league covenant.

While members of the senate foreign relations committee declined to predict whether the president would be invited before the committee, there was general feeling that should he make known directly a desire to appear he would be given the opportunity.

The usual procedure would be for the committee to ask for the diplomatic correspondence leading up to the treaty, and since most of the Versailles negotiations were conducted orally, some senators believe the alternate course will be to question the principal delegates. Opposing this view, however, is the feeling of some committee members that it would be too wide a departure from precedent to invite a president before any committee of congress.

Should the president go before the committee, there are indications that the sessions will be open. Some members are known to be determinedly opposed to any secrecy in senate consideration of the treaty, and in this stand they expect the cooperation of the president and his supporters on the committee. The effect may be to throw into the open the entire committee consideration of the treaty as well as the debate in the senate chamber.

The world league fight was opened today when the president presented to the senate the peace treaty and the league of nations covenant.

NATION'S FOOTING SOUND

Taxation Pays Forty-four Per Cent of the Big War Debt.

Washington, July 10.—For the year from July 1, 1917, to June 30, 1918, more than 50 per cent of all war expenditures were met by taxation. For the year from July 1, 1918, to June 30, 1919, the percentage of governmental expenditures directly covered by taxation was about 40 per cent. This is shown by figures just compiled by Senator Gerry of Rhode Island.

To achieve this federal taxes were increased nearly 2,000 per cent, more than double the increase in England and nearly 200 times the percentage of increase in France and Italy.

The liquidation of such a large amount of our war debt during the progress of the war itself, the fact that our industries and our internal organization are wholly untouched by the war and that approximately \$10,000,000,000 of our liberty loans will be repaid by our allies, to whom we loaned money, puts America economically on the soundest footing of any nation in the world today and in better position to face whatever world readjustments may be coming, is the belief of Gerry.

SPECIAL VALUE

Adjustable Cushion Bearing Self Sharpening Shears
ACTUAL VALUE \$1.00
Sale Price
69¢

3 Sizes 7-8 and 9 in.
5 Year Guarantee with each pair
Made from Best Carbon Steel by Special Process. This insures Strength and Keen Cutting Edges. Adjustable Cushion Tension keeps them always sharp, taking up wear. This enables user to cut anything from a wet tissue paper to a heavy horse blanket. Any lady who has had the exasperating experience of trying to use a dull pair of Shears, will appreciate this Wonderful Invention.
High Quality High Finish

La-may Face Powder Is Harmless to the Most Delicate Skin

Now you can use a pure face powder that is guaranteed not to injure the most delicate baby skin. It will not cause enlarged pores, blackheads and irritations. And, it really stays on better than any other face powder. It does not contain white lead or starchy rice powder (Poudre de Riz) to make it stick. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples. It is also so astringent, discouraging flabbiness, grows' feet and wrinkles. Because it is pure and because it stays on so well, this La-may powder (French name) is now used by over a million American women. The large size is only fifty cents and the trial size is twenty-five cents. Remember La-may is guaranteed absolutely pure. Five thousand dollars reward is offered any chemist who finds it can't be made to stick. White lead poisons the skin and rice powder turns into a gluey paste that encourages enlarged pores, blackheads and rice powder pimples. The specialist who makes this improved powder uses a medicinal ingredient that doctors use to heal the skin. In fact, this new powder helps to prevent and reduce enlarged pores and pimples.
